Rite

ConvertRite

Your Ultimate Solution for simplified & streamlined Data Migration to the Cloud!

ConvertRite, an innovative Data Migration Tool simplifies the migration process from any legacy applications to Oracle Cloud thereby eliminating manual, time-consuming, and error-prone tasks.

ConvertRite for Effortless Data Migration: Erases Complexities while Embracing Cloud

Ensure secure access with **Single Sign-On (SSO)** capabilities, backed by **OAuth** authentication.

Gives the benefit of **Copy Functionality**
- Project Level Copy: Duplicate projects for streamlined setup.
- Conversion Object Copy: Effortlessly replicate conversion objects.
- Lookup Set Copy: Swiftly reuse lookup sets for consistent mapping.

Pre-Validations to check the mapped field level data against the cloud data reduces the errors while processing FBDI/ HDL files.

Built-In Adaptors for Oracle EBS facilitate seamless data mapping between EBS and the cloud.

Why Choose ConvertRite?

Discover the robust capabilities of ConvertRite that promises easier & faster Cloud Data Migration:

1. ConvertRite adapts to your unique migration needs by being **ERP Agnostic.**
